

Modular Drawer Cabinets

Pre-Engineered Workbenches

Modularity in design provides the building blocks to create unique workbenches.

Workbench Kit Style 1

- Kit includes panel leg, adjustable footrest, and work surface
- Kit can be assembled to either side of cabinet
- Field installed only

Step 1 - Modular Drawer Cabinets

Choose one of the pre-engineered cabinets from our Desk High, Table High, Bench High or Mid-Range High selections on pages 8-9.

Note: Consider cabinets with 251 locking (Multiple Drawer Access), since tipping is highly unlikely.

Step 2 - Workbench Kit

Match the cabinet to the cabinet height of the kits in the table to the right. Choose the work surface for your workbench. Use the chosen catalog number along with the catalog number from pages 8-9. Component details are available on pages 20-21.

Color Selection

Determine which color combination you desire and add the two (2) letter digits as a prefix to all catalog numbers.

Example

You can also custom design your workbenches! See pages 20-21.

Work Surface Height	Cat. No.	Work Surface
<p>Desk (28-5/8" High)</p>	■ 251270WB1001	60"w Laminate
