

# SAFETY CENTER CABINET All-Welded. Clearview.

**Perfect for storing emergency supplies for first responders and workspace safety teams!**

When a spill or an injury occurs on the shop floor, the time it takes to respond can be critical. By strategically placing Lyon Safety Centers on your shop floor, you can cut emergency response time dramatically – by keeping critical safety supplies nearby and at the ready, 24/7.

## FEATURES

- 14-gauge, all-welded construction and heavy duty steel pin hinges provide superior strength and durability
- Heavy Lexan® door inserts permit supervision to quickly evaluate safety supply inventory without even opening the doors
- Bright, safety yellow finish is a constant reminder that emergency response tools are always nearby
- Forklift base allows for easy movement anywhere in your facility
- Extra heavy  $\frac{3}{8}$ " padlock hasp prevents pilferage during non-working hours
- Ships set-up
- Color: Safety Yellow
- Overall cabinet: 48"w x 24"d x 82"h
