

Build Your Own Valor™ Locker Solution

Product Selection Chart

The Valor™ Locker solution provides many configurations to fit your individual specifications. The back page of this brochure offers you an illustrative perspective of each component available to build your locker. Use the selection guide at the bottom of this page to help walk you through the locker selection. Use the illustration (on left) to draw in components you choose.

To begin, determine the width needed for your locker requirements. Lockers are offered in 18" or 24" wide.

Step 1 - Select Base Locker Unit
Keep in mind the locker width selection that is needed.

Step 2 - Select Base Locker Unit Option
The partition kit supports all personal compartment options and provides; two utility hooks, coat rod, partition and full width shelf.

Step 3 - Select Hardwood Bench Top*
The hardwood bench top provides seating option when changing or loading your locker.

Step 4 - Select Additional Options

Upper Shelf Options
These full shelves will fit in the upper section of the locker.

Personal Compartment - A partition must be installed to utilize these options. (see base locker unit options on back page). These compartments fit down the left side of the vertical partition.

Stand Alone Security Options - A stand alone security compartment may be secured above or below a full width shelf when a partition kit is not used. (Please review with Lyon sales representative when ordering to confirm correct configuration).

Removable Boot Tray
This tray fits in the upper main storage compartment.

Locker Door Options
• belt clips • clip board holder • magnetic mirror

Drawer Unit Option
Add a drawer vest shelf to your drawer unit.

**For multiple locker runs, available by linear foot.*

Lyon Workspace Products • Aurora, IL

AURORA POLICE STATION News Release

Aurora Police Department unveils their new home and Valor™ lockers!

The Aurora Police Department opened the doors of their new \$108.2 million Aurora Police Headquarters and Branch Court Facility, an impressive 400,000 sq. ft. and LEED certified complex. The City of Aurora chose Lyon to engineer and manufacture over 500 Valor™ Law Enforcement Lockers for the women's and men's locker rooms.

These oversized lockers have shelving and compartments to store the officer's work uniform and civilian clothes, laptop, radio, Kevlar® vest and small personal belongings. The lockers also have a compartment drawer for duffle bags, and shoes. The locker is fully ventilated to maximize the drying of articles such as the Kevlar® vest, clothing and boots.

In choosing Valor™ Law Enforcement Lockers the Aurora Police Headquarters achieved the following LEED credits:

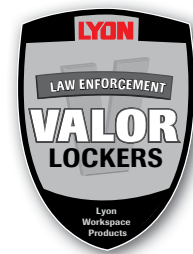

Materials & Resources Recycled Content
MR Credits 4.1 and 4.2

Regionally Sourced Products
MR Credits 5.1 and 5.2

**Indoor Environmental Quality
Low Emitting Materials Painting, VOC Compliant Paints and Coatings**
Credit 4.2

Lyon worked closely with the Aurora Police Department to provide a customized law enforcement locker solution that delivers maximum airflow and ample storage for police and civilian belongings.

Valor™ Law Enforcement Lockers
"America's Finest Locker for America's Finest"

VALOR™ LAW ENFORCEMENT LOCKER Product Features

VALOR™ LAW ENFORCEMENT LOCKERS

have customizable shelving components that maximize the storage space to meet the needs of the officers.
