

LOCKER BENCH SPECIFICATIONS

LOCKER BENCH TOPS

Laminated Hardwood Top

9-1/2"W x 1-1/4"H - Available in Lengths from 3' to 12'
Shall have clear hardwood tops finished with two coats of acrylic finish.

Plastic Laminate Top

12"W x 1-1/2"H - Available in Lengths from 3' to 12'
Shall be color matched plastic laminate, or wood-grain plastic laminate, over laminated hardwood core. Long sides shall have full 180° soft edge.

Aluminum Bench Top

9-1/2"W x 1-3/4"H – Available in Lengths 6' to 12'
Aluminum alloy with a clear anodic coating and rounded edges.

LOCKER BENCH PEDESTALS

Steel Pedestals

16-1/2"H – 8-1/4" Diameter Top and Base
Steel pedestal base shall be 14-gauge steel with 1-5/8" tubing uprights. Finish of pedestals shall be same color as lockers. Spaced on not more than 6' centers.

Cast Iron Heavy-Duty Pedestals

16-1/4"H – 6" Diameter Top and Base
Single piece cast iron construction. 2-1/4" diameter post with 3/16" material thickness. Finish of pedestals shall be same color as lockers. Spaced on not more than 6' centers.

Aluminum Bench Pedestals

15-1/4"H – 11-5/8" x 2-1/4" Base
Pedestal shall be two pieces of anodized aluminum extrusion (6105-T5) 2-1/4" x 3/4" formed and unit-welded. Rubber cap included on base ends. Optional rubber feet and/or concrete wedge anchor available.

Aluminum Trapezoid Pedestals

16-1/4"H – 13-9/16" x 3" Base
Pedestal shall be one piece of 3" x 1/4" aluminum bar stock formed and unit-welded. Includes non-skid pads under base. Pedestals shall have a Black Anodized Finish.

Note: Each pedestal shall be attached to top by screws and shall be anchored to floor by suitable anchors.
