

PARTS DEPARTMENT EQUIPMENT

MEDIUM SIZE PARTS WARRANTY RETURN STORAGE

GENERAL STORAGE

Keeping you organized and maximizing your space.

Don't compromise your organization or efficiency because of your shelving. Lyon 2000 series shelving gives you the flexibility to store almost anything while adjusting to your changing needs. Lyon Rivet Rack is an economic alternative to steel shelving for bulk storage of many items. The units are great for medium bulky items, night drop areas and warranty/returns units.

2000 SERIES SHELVING A full range of accessories including perforated steel sides and backs, kick plates, bin front and shelf dividers are available to meet your specific requirements.

Closed shelving units utilize 24 gauge back and side sheets with the basic post/shelf connection. End uprights are used at the beginning and end of rows. Intermediate uprights are used between units in a row. Two backs can be used when units exceed 8'1" in height; splices cover the seams on exposed two-piece backs.

Open shelving units utilize standard side and back sway braces made from 12 gauge steel are used to stabilize open shelving units. Braces are punched to attach to upright posts with nuts and bolts.

Angle Post units have angle posts on both front and rear corners.

Beaded Post units use beaded posts on front corners and angle posts on rear corners. Units include all necessary hardware.

Shelves are adjustable on 1-1/2" centers.

Order one starter unit and the balance as adders to make up a row of shelving.
