

LOCKER ROOM BENCHES

BENCH TOPS

HARDWOOD TOP is made of multiple hardwoods for maximum strength. Each bench top is finished with two coats of clear acrylic to protect the bench top from scratches. The bench top is 9-1/2" deep by 1-1/4" thick. Available in lengths from 3 to 12 feet long. Can be used with any Lyon bench pedestal.

PLASTIC LAMINATE TOP features a particle board core with a plastic laminate over it. Long sides of the bench top have a full 180° soft edge. Bench top is 12" deep by 1-5/8" thick. Available in lengths from 3 to 12 feet long. Can be used with steel, cast iron, or trapezoid pedestals. Select laminate colors are available to compliment Lyon's premier color options.

ALUMINUM BENCH TOP is made of aluminum alloy with a clear anodic coating. The easy to maintain bench planks have softly rounded edges and center braces for comfortable seating. Bench top is 9-1/2" deep by 1-3/4" thick. Available in lengths 6 to 12 feet long. Can be used with aluminum pedestals.

PEDESTALS

STEEL PEDESTALS feature 14-gauge steel with 1-5/8" tubing uprights. Includes 8-1/4" diameter base on top and bottom of the pedestal. Finish shall be the same powder coat color as lockers. Pedestals shall be spaced on not more than 6' centers. Overall height is 16-1/2" high.

CAST IRON HEAVY-DUTY PEDESTALS features single piece cast iron construction with 3/16" material thickness. 2-1/4" post with 6" diameter base on top and bottom of the pedestal. Finish shall be the same powder coat as lockers. Pedestals shall be spaced on not more than 6' centers. Overall height is 16-1/4" high.

ALUMINUM PEDESTALS Made of lightweight, corrosion resistant anodized aluminum. Constructed of two pieces of formed and unit-welded 2-1/4" x 3/4 aluminum extrusion. 11-5/8" x 2-1/4" base on bottom of the pedestal. Overall height is 15-14" high. Add optional rubber feet to make pedestal movable.

ALUMINUM TRAPEZOID PEDESTALS Made of 1/4" x 3" bar stock and features black anodized finish. The 13-9/16" wide base and anti-slip strips makes this movable pedestal more stable. Maximum bench overhang from middle of pedestal must not exceed 6 inches. Overall height is 16-1/4" high.

STAINLESS STEEL TRAPEZOID PEDESTALS Made of 16-gauge type 201 stainless steel. The 7-5/8" wide top and 15" wide base with anti-slip strips makes this movable pedestal more stable. Maximum bench overhang from middle of pedestal must not exceed 6 inches. Overall height is 16-1/4" high.

ADA BENCHES

ADA compliant locker room benches meet the accessibility requirements of sections 222 and 803 of the 2010 ADA standards. ADA compliant benches feature hardwood tops. Benches are available with or without a backrest. Either steel or cast iron pedestals can be used for ADA benches.
