

# SHELVING UNITS

Lyon has over 100 years of commitment in designing storage systems that help organize, store, and secure products while maximizing workspace.

## T-Post Uprights

Patented design, formed of tough, durable, hot rolled steel affords easy shelf adjustment on 1-1/2" centers using shelf clips.

## Shelf Clips

Quickly lock into place, on either side of uprights. Disengages easily to re-position shelves, no tools needed.

## Open Shelving Section

Ideal for storing packaged stock and other material where high visibility is a concern.

## Closed Shelving Section

Can be used to divide work and storage space into separate areas.

## Shelves

Patented Box "W" design provides added support to the front and rear of the shelf. Lapped and welded shelf corners provide added strength and durability. Available in 22-Gauge Box "W", 20-Gauge Box "W", 18-Gauge Box "W" and 18-Gauge Flanged. Capacity from 300 lbs to 1,300 lbs.

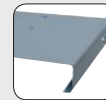

22-Gauge  
Medium-Duty, Box "W"  
shelves provide up to  
600 lb. capacity\*.

20-Gauge  
Heavy-Duty, Box "W"  
shelves provide up to  
900 lb. capacity\*.

18-Gauge  
Extra Heavy-Duty, Box "W"  
shelves provide up to  
1300 lb. capacity\*.

18-Gauge  
Traditional Flanged  
shelves provide up to  
700 lb. capacity\*.

*\*Capacities are based on evenly distributed load. Maximum load capacity: 8000 lbs. per section and a maximum of 18" shelf spacing with no seismic.*

## BULK STORAGE RACK

- Heavy-duty 14-gauge steel beams
- Width and height available in:  
60", 72", 84" and 96"
- Depth sizes are:  
24", 30", 36" and 48"
- Choose between 3 and 4 levels
- Select Decking with capacities up to 1,800 lbs:  
Solid  
Particle Board  
Ribbed  
Waterfall Wire  
Flat Wire Decking

## RIVET RACK

- Beams drop into slots on uprights to create a sturdy, rigid structure
- Choose from heights of:  
39", 60", 72", 84", 96", 120" or 144"
- Beam widths available from:  
12" to 96"
- Select Beams:  
Double-Rivet medium-duty flanged  
"C" Channel, heavy-duty beams
- Select Decking:  
Particle Board or Rivet Rack Wire decking

## MODULAR DRAWERS IN SHELVING

Increase your storage density with Lyon's modular drawers in shelving units. Drawers feature a capacity of 450 lbs. and fully extend for visual and physical access. Multiple drawer layout kits allow you to customize your unit to meet your exact storage requirement. Units can be used as stand-alone starter units or assemble them in rows with add-on units.
