

STANDARD STEEL LOCKERS

solidly built to deliver years of reliable service

Lyon has long been America's leading manufacturer of a complete line of quality lockers and accessories for schools, hospitals, and industry. Lockers are available unassembled or assembled.

FEATURES

- High-grade Class 1 steel construction
- 16 gauge door and frame
- 24 gauge body parts
- Door frame corners are lapped and welded
- All one-piece locker door construction
- 6" high legs
- Pre-punched to accept number plate

RIVETED ASSEMBLED LOCKERS

Lyon's factory-assembled Riveted design may save an average of 20% due to decreased labor cost with easier assembly and convenient replacement of damaged sections. Riveted design provides a sleek aesthetic with a clean paint surface and a low-profile, drilled-in rivets in place of nuts and bolts.

Single, Double, Triple Tier Lockers Include

- Recessed handle with finger lift
- Secure latching system to increase protection against break-ins
- Nylon lockbar glides for quiet door operation
- Nano-roller latching system
- 6" wide louvers
- Coat hooks
- Single Tier lockers include separate shelf space for books, lunches, etc.

Multiple Tier Lockers Include

- Pull handles with built-in padlock loop
- 3-1/2" wide louvers
